

Quick View Class Chart By Rank

The following chart provides a quick view of the classes available by rank each week.

Simply look at the column associated with your rank and see all of the classes available for the week.

Be sure to read each box carefully to verify that you are the correct age for that class.

This chart does not include weapons classes (which are by invitation only), Aikido classes, or specialty classes such as Poomsae Academy, Tournament Team, or Little Dragons.
