

Generations Colored Belt Tests:

Test Months

February | May | August | November *Tests are on Monday's early in the month if possible.

Details About

Each class is one hour. Each hour is counted towards a students time card. GTKD uses hours as a meter on how a student is progressing. Each test is in a 3 month marking period. Weapons classes are not counted towards class hours. Hours count only within each marking period. Tests are held in the school in front of at least one black belt. Parents are welcome.

Additional Information

A students progression through the school is represented by belt rank. Each rank requiring more experience or time practiced. GTKD uses these hours and belts to track each student in there journey towards black belt and higher. A student is required to have a certain amount of hours for each testing period. If hours are not met they may be asked to make up the hours during the next testing period, or if the lack of hours is significant to wait until the next test period. Hours should be collected on a regular basis and not in lump time periods to reduce gaps between learning.

Doing the minimum often results in mediocrity.
